Prepare both a summary paragraph and a general description of the resource and its various elements as it exists today.

This framed and weatherboarded gable-fronted bungalow faces east onto Sedwick Street. It is a story-and-a-half structure with a three-bay facade composed of a side entrance and two windows. The doorway and the north window are sheltered by a gable-roofed screened-in porch. The original windows have three-over-one double-hung sash. There is a modern carport added to the south side of the house. The siding and much of the detailing of this house have been replaced.
